

PRESS RELEASE

AUDIO SHOW DELUXE 2026:

Innuos brings NAZARÉ World Tour to Audio Show Deluxe 2026

A rare show listening opportunity

Faro, Portugal
March 17, 2026

Innuos is bringing NAZARÉ, their new flagship music streamer and server, to the Audio Show Deluxe 2026, taking place 21–22 March at Whittlebury Park, Northamptonshire, UK. As part of the NAZARÉ World Tour this is a rare opportunity to hear NAZARÉ demonstrated at a show. Visitors can experience this flagship in a carefully curated reference system, controlled via Sense, Innuos' in-house developed app for an easy, high-performance music solution. Find Innuos in the Magny Cours Room (Ground Floor).

NAZARÉ was officially unveiled in Faro in 2025 and again at High End Munich, setting the stage for the brand's NAZARÉ World Tour - bringing the flagship experience to listeners, partners, and press across key international markets like the USA, UK, Switzerland, China, Taiwan, Hong Kong, Thailand, South Korea, and more.

Named after the Portuguese submarine canyon - creator of some of the biggest waves in the world, NAZARÉ delivers unparalleled sonic realism, and clarity. It brings the visceral energy and emotional depth of live music with unparalleled sonic transparency. Faster but smoother, this product is a technological marvel, engineered to deliver a listening experience that feels just as profound. You'll hear the subtle textures and dynamic range you never knew existed. Later in the year, the NAZARÉ will be enhanced even further by adding the Nazaré FLOW and Nazaré NET to form a three-piece solution for the ultimate audio experience.

"NAZARÉ represents the purest expression of the Innuos philosophy: combining advanced engineering, refined design, and software intelligence to bring listeners closer to the music. It is

a product built without compromise, where every decision serves performance, ease of use, and musical emotion. At Audio Show Deluxe, we are proud to give visitors a rare opportunity to experience just how far digital audio can go when every part of the system is designed in harmony", says Stephen Healy, Innuos Product Specialist.

During the show, visitors will have the opportunity to listen to A/B demonstrations, between the NAZARÉ flagship and the STATEMENT Next-Gen music streamer and server with the PhoenixNET audiophile network switch.

The demonstration system in Magny Cours will have:

- Innuos NAZARÉ Music Streamer and Server
- Innuos STATEMENT Next-Gen
- Innuos PhoenixNET audiophile network switch
- MSB Cascade DAC
- Marten Parker Quintet Diamond Edition Speakers
- Gryphon Pandora Preamplifier
- Gryphon Antileon Revelation Power Amplifier
- CAD GC3.1 Grounding
- AudioQuest Niagara 5000 Power
- AudioQuest Cables
- Lateral Aria Rack

The Innuos team will be present throughout the show, eager to answer any questions, demonstrate the products, and discuss music listening needs. Meet Stephen Healy (Product Specialist) and Niall Hunt (Europe Sales Manager).

Innuos products will also be present in various partner rooms throughout the Audio Show Deluxe. Visit Auden Distribution (Hockenheim Room), Wilson Benesch (Melbourne Suite), and Chord Electronics (Syndicate 7) to experience Innuos' excellence in diverse listening environments.
